Brief Note on Activity, Aims, Objectives, Procedure and Outcomes

Certificate Course Aims:-

- Improve efficiency.
- Increase earning potential.
- Establish professional credibility.
- Accelerate skill development.
- Provide industry-relevant expertise.
- Improve employability.
- Earn recognition from employers.
- Improve career opportunities.
- Enhance self-image and reputation among peers.

Course Objectives:-

Certificate courses can help students gain skills and knowledge to help them in their careers. The objectives of certificate courses can include: Certificate courses are designed for professionals who need to verify their professional knowledge and skills with an official credential. They can help students become more marketable and increase their chances of landing a better job or getting a promotion. Certificate courses can also enhance professional credibility, enrich self-image and reputation among peers, and improve career opportunities

- Career advancement
- Skill enhancement
- Industry recognition
- Time efficiency
- Cost-effective learning
- Focused Education
- Networking opportunities
- Credential diversity
- Increased income earning potential
- Establish professional credibility

Course Outcomes:

- Understand the basic concepts of tourism. Develop an understanding of the geographical features of a region and its influence
- Tourism development of that region.
- Analyze the positive and negative impacts of tourism on the environment.
- Understand the need for sustainable tourism.

Course Syllabus:-

Module I:

Understanding Tourism -Define Tourism-tourisms industry Hospitality sector basic components of tourism accessibility-accommodation-attraction-travel agents- tour operators-lodging and caterer's transport- information and guide.

Module II:

Tourism and Geography bio-diversity - geography of Andhra major tourist centers of Andhra Pradesh.

Module III:

Tourism and cultural heritage Introduction to major heritage sites of Andhra Pradesh -Monuments-museums-forts palaces-assignment.

Module IV:

Tourism and Environment – Eco tourism in Indian context - sustainable tourism- environmental impact.

COURSE ANALYSIS REPORT

As a part of academic activity, the Department of Commerce has conducted a certificate course in "Tourism Studies" from 19th September to 12th October 2019, for the academic year 2018-2019. The important objective of the course is to improve basic knowledge of tourism importance among UG degree students. As per the instructions given by the principal during the department meeting, 22 members of the students are enrolled in the Certificate Course for B.Com. Students to enrich the concepts of Tourism studies

The Commerce and other faculty members have engaged in classes for 20 days and deepened their understanding of the basic concepts of the subject. At the end of the course, an external examination has been conducted for the assessment of learners understanding levels of knowledge. The minimum qualifying score for the award of certification is 40%. All the students completed the course successfully and got certificates during the academic year 2018-2019. Traveling is a tiring and difficult thing and not everyone can travel. But at the same time, it's a fun activity that takes your tiredness away. Traveling flavor to life as you travel to different places that have a different culture and lifestyles. It is a way to learn about the culture and tradition of different places. Besides, for many areas, tourism is their main source of income.

As we know tourism contributes a lot to the revenue of the country. Also, the government uses this income for the growth and development of the country. Likewise, they construct dams, wildlife sanctuaries, national parks, Dharamshala, and many more.

Conclusion: We can say that tourism is a very productive activity both for the tourist and the government. As they support each other simultaneously. Also, the government should consider improving the conditions of the country as agree at number of tourists visit their country. Tourism is one of the fastest-growing industries in the world that has changed the scenario of the world.

Circular/Notice

This is to inform you that the Department of Physics is going to conduct a subject-related certificate course from October 12th–November 20th, 2018 for third-year B.Sc., (MPC & MPCs) students in "ELECTRICAL WIRING AND MAINTENANCE" please enroll in the department listed below on October 11th, 2023. The duration of the course is 30 hours. The candidates who secure 40% of the marks in the examination conducted at the end of the course will get the certificate.

N. V. Maheshwar Reddy
HOD, Department of Physics

DEPARTMENT OF PHYSICS
V B GOVERNMENT DEGREE COLLEGE
KOLAHATLA, Kurnool (Dist).

Course Objectives

1. To understand the key elements of electrical and electronics appliances.
2. To understand the domestic wiring and layout.
3. To understand the Basic safety practices.
4. To understand the various principles of domestic equipment's.
5. To predict the goodness or age estimation of domestic equipment's.
6. To perform layman checks and rectify minor defects.
7. To troubleshoot the defects of the most common household equipment's.
8. To understand the techniques involved in advanced repairing of household equipment's.

Course Outcomes

By the end of the course, the students will be able to

1. Suggest & do remedial measures in the domestic equipment.
2. Do technical checks with relevant tools and solve the problems.
3. Understand the techniques involved in advanced repairing of household equipment's
4. Repair and maintenance of the basic electrical and electronics appliances.
5. Identification to protective devices.
6. Repair and maintenance of the LED Bulbs, Fan, Iron, TV, Cooler and many more

SYLLABUS

Unit: I

Basic safety practices: Safety Practices; Fires in electrical Circuits & Precautions, Fire Extinguishers & its types, General Safety of Tools & equipment, Rescue of person who is in contact with live wire, Treat a person for electric shock/ injury, Protective clothing: leather or asbestos gloves, flame proof aprons, flame proof overalls buttoned to neck, cuffless (without folds), trousers, reinforced footwear, helmets/hard hats, cap and shoulder covers, ear defenders/plugs, safety boots, glasses/goggles/visors, Safe working practices: using protective clothing and equipment; putting up and reading safety signs; handle tools in the correct manner and store and maintain them properly, etc.

Unit: II

General idea on Various Electrical Measuring Instruments/ Components Types, Multimeter (Digital/ Analog), Energy meter (Digital/analog), Insulation Tester (Megger), Earth tester, Ammeter, voltmeter, Different types of switches, fuse, thermostat, heating elements, registers, conductors, insulators, capacitors, wires and cables (for up to 15 amp) symbol of various components.

Unit: III

Demonstration of Heating and Magnetic Appliances Demonstration of Heating Appliances and their applications. (Heating Appliances -type, Working Principle, Uses.) Demonstration of Magnetic Appliances and their applications (Magnetic Appliances- Type, working principle, uses.)

Unit: IV

Maintenance and Repair of heating and motorized appliances Identification, working and specification of each part. Repairing for some common problems, replacement of coil, insulators, thermostat etc. for the following: (a) Repair & maintenance of room heater, (b) Repair & maintenance of electric iron, (c) Repair & maintenance of electric stove (Induction), electric kettle, (d) Repair & maintenance of ceiling and table fan.

Certificate Course in "Electrical Wiring and Maintenance"

Report on Certificate course

Introduction:

Department of Physics in Collaboration with Vasavi Polytechnic College, Banaganapalle conducted a Certificate Course in "Electrical Wiring and Maintenance" during the academic year 2018-2019 under curriculum enrichment programme.

Report:

Electrical Wiring and Maintenance is the part of Physics and Electricity core subject related topics in which students can understand the various precautionary measures while dealing with the electrical appliances and wiring.

The study of Electrical Wiring and Maintenance course enhances the theoretical as well as the practical skills in the students.

Students can able to identify different parts of the electrical wiring and the parts of the various

Household appliances and maintain them with the knowledge of the training programme is over.

Students can understand the minor problems raised in the domestic home appliances and the methods to repair or solve them by themselves.

Students can also increase their abilities in electrical wiring and maintenance after the completion of the course.

Circular/Notice

This is to inform you that the Department of History will conduct a subject-related certificate course from February 4th to February 28th, 2019, for B.A. students interested in "Survey & Reporting". Please enroll in the department listed below on February 1st 2019. The duration of the course is 20 hours. The candidates who secure 40% of the marks in the examination will get the certificate.

Abhis

Brief Note on Activity, Aims, Objectives, Procedure and Outcomes:

A course certificate serves as proof that the course was completed. It serves as a reward for the pupils' accomplishments in their aims. The purpose of getting a certificate is far beyond proof of completion as it improves the students' skills.

They can assist students in showcasing their knowledge and abilities to a prospective employer, help them become eligible for more scholarships, or provide them with something to display on their coffee table. The increasing significance of online learning is one advantage of taking certification courses.

Certificate Course Aims: -

- Improve efficiency.
- Increase earning potential.
- Establish professional credibility.
- Teach skills in high demand.
- Accelerate skill development.
- Provide industry-relevant expertise.
- Improve employability.
- Earn recognition from employers.
- Improve career opportunities.
- Enhance self-image and reputation among peers.

Course Objectives: -

Certificate courses can help students gain skills and knowledge to help them in their careers. The objectives of certificate courses can include: Certificate courses are designed for professionals who need to verify their professional knowledge and skills with an official credential. They can help students become more marketable and increase their chances of landing a better job or getting a promotion. Certificate courses can also enhance professional credibility, enrich self-image and reputation among peers, and improve career opportunities.

- Career advancement
- Skill enhancement
- Industry recognition
- Time efficiency
- Cost-effective learning
- Focused Education

Course Outcomes:

- Understand the basic concepts of tourism. Develop an understanding of the geographical features of a region and its influence on the tourism development of that region.
- Analyze the positive and negative impacts of tourism on the environment.
- Understand the need for sustainable tourism.

Course Syllabus: - ✓

Module I:

Survey: Meaning and Definition Identifying - need for a survey - Identifying Sample - Characteristics of Sample - Types of Survey - Survey Methods - Advantages and Disadvantages of Survey Essential steps in Survey - Online Survey.

Module II:

Preparing Questionnaire: Types and Parts of Questionnaire - Qualities of Good Questionnaire - Precautions in Preparing Questionnaire - Administering /Piloting Questionnaire with People Collection of data - Dealing Maintaining objectivity/ neutrality.

Module III:

Methods of Organizing data: Forms of data presentation Tables and Figures Basic Statistical Methods of Analysis of data Percentages - Mean, Mode and Median Simple Ways of showing Results Tables/Graphs/Diagrams.

Timetable - Day Wise Topics

COURSE ANALYSIS REPORT

As a part of academic activity, the Department of History has conducted a certificate course in "Survey & Reporting" from 4th February to 28th February 2019, for the academic year 2018-2019. The important objective of the course is to improve basic knowledge of tourism importance among UG degree students. As per the instructions given by the principal during the *minutes* of the meeting, 13 members of the class are enrolled in the Certificate Course for B.A. students to enrich the concepts of Tourism studies. The history and other faculty members have engaged in classes for 20 days and deepened their understanding of the basic concepts of the subject. At the end of the course, an external examination has been conducted for the assessment of learners understanding levels of knowledge. The minimum qualifying score for the award of certification is 40%. All the students completed the course successfully and got certificates during the academic year 2018-2019.

Surveys have a vast array of use cases. From collecting customer feedback to gaining a better understanding of the target market, there are several areas where surveys can be deployed. Surveys are used for a sample target audience to gather insights for a larger population.

Conducting surveys offers numerous benefits to individuals and organizations. Surveys can help to collect feedback, gauge customer satisfaction, identify areas for improvement, gather insights and opinions, and make informed decisions. Surveys also provide a means of obtaining quantitative data and can be conducted quickly and efficiently.

Conclusion:

Surveys are important because they provide researchers with reliable, usable, primary data to inform business decisions. They can help to collect feedback, gauge customer satisfaction, identify areas for improvement, gather insights and opinions, and make informed decisions. Surveys also provide a means of obtaining quantitative data and can be conducted quickly and efficiently.

Survey reports are used to collect all of the data and information gathered during the survey and use it for research and other reasons. Survey reports reveal the hard numbers regarding a scenario and can pave the way for decision-making. When you categorize large data into easy-to-read charts and graphs, it gets converted into useful information.

As a part of academic activity, the Department of History has conducted a certificate course in "Tourism Studies" from 3rd March to 30th March 2022, for the academic year 2021-2022. The important objective of the course is to improve basic knowledge of tourism importance among UG degree students. As per the instructions given by the principal during the *minutes* of the meeting, 15 members of the class are enrolled in the Certificate Course for B.A. students to enrich the concepts of Tourism studies. The history and other faculty members have engaged in classes for 20 days and deepened their understanding of the basic concepts of the subject. At the end of the course, an external examination has been conducted for the assessment of learners understanding levels of knowledge. The minimum qualifying score for the award of certification is 40%. All the students completed the course successfully and got certificates during the academic year 2021-2022.

Traveling is a tiring and difficult thing and not everyone can travel. But at the same time, it's a fun activity that takes your tiredness away. Travelling adds flavour to life as you travel to different places that have a different culture and lifestyles. Also, it's an easy way to learn about the culture and traditions of a place. Besides, for many areas, tourism is their main source of income.

As we know tourism contributes a lot to the revenue of the country. Also, the government uses this income for the growth and development of the country. Likewise, they construct dams, wildlife sanctuaries, national parks, Dharamshala and many more.

Conclusion:

We can say that tourism is a very productive activity both for the tourist and the government. As they support each other simultaneously. Also, the government should consider improving the conditions of the country as a greater number of

DEPARTMENT OF MATHEMATICS

CERTIFICATE COURSE FOR THE ACADEMIC YEAR: 2022-23

Department Minutes - Resolution Copy

The faculty members of the Mathematics Department met in the Principal's chamber to discuss and review the conduct of the Certificate Course titled **VEDIC MATHEMATICS** under the Chairmanship of the Principal and the faculty of the Department of Mathematics on 18-08-2022.

AGENDA:

Starting of Certificate Course for II B.Sc (M.P.Cs) Students (IV Semester) **RESOLUTIONS:**

1. It is resolved to start the Certificate Course titled Vedic Mathematics
From 18-08-2022 to 14-09-2022 (20 days) for the academic year 2022-2023.
2. It is also resolved to frame the syllabus, regulations for the successful
Completion of the Certificate course titled "VEDIC MATHEMATICS".
3. Enrolled 13 students in this Certificate course.
4. Resolved to conduct classes at 4.00pm.
5. Resolved to conduct exam of completion of the course and issue certificates to
Qualified Candidates.
6. Qualifying marks in 40%

Respected Sir/Madam

Sub: Regarding to start certificate course on "Vedic Mathematics"

I am R. Babunath, working as a lecturer in mathematics at our college. This is regarding the conduct of a of a subject-related certificate course introducing the benefits of our department on "Vedic Mathematics." The course duration should be 25 days. We are going to start in the academic year 2022-2023, i.e. From 18-08-2022 to 14-09-2022. So this is my humble request that you permit us to establish the above course.

Circular/Notice

This is to inform you that the Department of Mathematics is going to conduct a subject-related certificate course from August 18-September 14, 2022. For second-year B.Sc (M.P.Cs) students interested in "VEDIC MATHEMATICS," please enroll in the department listed below on August 17, 2022. The duration of the course is 25 hours. The candidates whose secure 40% of the marks in the examination will get the certificate.

Lecturer in Mathematics
S.V.B. Govt. Degree College
Ratilkuntha, Nandya (D.T), A.

Brief Note on Activity, Aims, Objectives, Procedure and Outcomes

Aims:

This course is intended to introduce some fundamental ideas of Vedic Mathematics. The concept of Vedic Mathematics terms and operations Addition, Subtraction, Multiplication and Division, Indian Mathematics, Vedic Sciences. Vedic Mathematics is a collection of Techniques (Sutras) to solve mathematical Arithmetic's in easy and faster way. It consists of 16 sutras (Formulae) and 13 sub-sutras (Sub Formulae) which can be used for problems involved in arithmetic, Algebra, Geometry, Calculus, Coins. Vedic mathematics is a system of mathematics which was discovered by Indian Mathematician Jagad Guru Shri Bharathi Krishna Tirthaji in the period Between A.D. 1911 & 1918.

Objectives:

Veda is a Sanskrit word which means 'Knowledge'. Using regular mathematical steps, solving problems some times are complex and time consuming. But using Vedic mathematics General techniques (Applicable to all sets of given data) and specific techniques (Applicable to specific sets of given data) numerical Calculation can be done very fast. Promote the idea of Vedic mathematics and its benefits in solving complex mathematical problems while preparing students for competitive exams. Vedic Maths learn to solve complex mathematical problems and brace yourself up for competitive exams in future.

Outcomes:

Vedic mathematics is certainly more integrated more efficient and more fun than conventional mathematics. It leads to greater enjoyment of mathematics, greater flexibility of mind, increased mental ability and bring out the creativity. There is no single method to follow in Vedic maths, one can keep creating new methods. But still Vedic maths is not very popular as it is thought etc. so let's start using Vedic maths and start loving maths!!

Syllabus

Marks - 30

- 1) Introduction Vedic Mathematics
- 2) Terms and Operations
- 3) Addition and Subtraction
- 4) Multiplication and Division
- 5) Luminaries of classical Indian mathematics, Aryabhata, Brahmagotra, Mahavira, Bhaskar, Madhava
- 6) Criticism
- 7) All from Nine and the last from Ten
- 8) Method, Multiplication and Division
- 9) When the Samuccaya is the same that samuccaya is Zero. If one is Ratio, the other one is Zero.
- 10) Vedic Maths a forgotten science.
- 11) Vedic Science

TEST ANALYSIS REPORT

As a part of academic activity, the Department of Mathematics has conducted a certificate course in "Vedic Mathematics" from August 18 to September 14, 2022, for the academic year 2022-2023. The important objective of the course is to improve basic knowledge in mathematics among UG degree students. As per the instructions given by the principal during the minutes of the meeting, 13 members of the class are enrolled in the Certificate Course for II-year B.Sc(M.P.Cs) to enrich the concepts of Vedic math. The mathematics faculty members have engaged in classes for 20 days and deepened their understanding of the basic concepts of the subject. At the end of the course, an external examination has been conducted for the assessment of learners understanding levels of knowledge. The minimum qualifying score for the award of certification is 40%. All the students completed the course successfully and got certificates during the academic year 2022-2023.

Brief Note on Activity, Aims, Objectives, Procedure and Outcomes

A course certificate serves as proof that the course was completed. It serves as a reward for the pupils' accomplishments in their aims. The purpose of getting a certificate is far beyond proof of completion as it improves the students' skills.

They can assist students in showcasing their knowledge and abilities to a prospective employer, help them become eligible for more scholarships, or provide them with something to display on their coffee table. The increasing significance of online learning is one advantage of taking certification courses.

Certificate Course Aims: -

- Improve efficiency.
- Increase earning potential.
- Establish professional credibility.
- Teach skills in high demand.
- Accelerate skill development.
- Provide industry-relevant expertise.
- Improve employability.
- Earn recognition from employers.
- Improve career opportunities.
- Enhance self-image and reputation among peers.

Course Objectives: -

Certificate courses can help students gain skills and knowledge to help them in their careers. The objectives of certificate courses can include: Certificate courses are designed for professionals who need to verify their professional knowledge and skills with an official credential. They can help students become more marketable and increase their chances of landing a better job or getting a promotion. Certificate courses can also enhance professional credibility, enrich self-image and reputation among peers, and improve career opportunities.

- Career advancement
- Skill enhancement
- Industry recognition
- Focused Education
- Networking opportunities
- Increased income earning potential

- Establish professional credibility
- Learn skills that are in high demand

Course Outcomes: Students should be able to:

- Understand the basic concepts of tourism. Develop an understanding of the geographical features of a region and its influence on the
- tourism development of that region.
- Analyze the positive and negative impacts of tourism on the environment.
- Understand the need for sustainable tourism.

Course Syllabus: -

Unit 1:

Definition – Nature, Scope and Purpose. History and Classification of Museum,

Unit 2:

Importance and Relgvanace of Museum. 1. Cultural. 2. Social. 3. Economics. 4. Educational.

Unit 3:

Study of Selected Museums. 1. National Museum, Delhi. 2. Chhatrapati Shivaji Maharaj Vastu Sangrahalay (Formerly Prince of Wales), Mumbai. 3. Salarjung Museum, Hyderabad. 4. Raja Kelkar Museum, Pune. 5. British Museum, London.

COURSE ANALYSIS REPORT

As a part of academic activity, the Department of History has conducted a certificate course in "Museum Studies" from February 1st to February 28th, 2023, for the academic year 2022-2023. The important objective of the course is to improve basic knowledge of tourism importance among UG degree students. As per the instructions given by the principal during the *minutes* of the meeting, 15 members of the class are enrolled in the Certificate Course for year B.A. to enrich the concepts of Tourism studies. The history and other faculty members have engaged in classes for 21 days and deepened their understanding of the basic concepts of the subject. At the end of the course, an external examination has been conducted for the assessment of learners understanding levels of knowledge. The minimum qualifying score for the award of certification is 40%. All the students completed the course successfully and got certificates during the academic year 2022-2023.

Museums have come a long way, and are responsible for treasuring and storing all remnants of human history. Today, museums are seen in every city, in every part of the world. They act as valuable storage houses for the history of human civilization and the evolution of life on this planet. In this article, we will discuss the importance that museums hold in our lives. Today museums study course the preservation of history. Museums store artefacts that have significant cultural, religious, scientific, and historical value; objects that denote significant turning points in history. The museum holds a place of prime importance in the field of education. Museums are a great source of knowledge. There is a great impact in viewing a part of history with your own eyes, right in front of you, and the experience can evoke several emotions. Being exposed to museums at a young age instils in children a wide range of feelings, from curiosity to nationalism. They are national treasures and should be preserved with utmost care, instead of the negligence many of them face in certain regions. There is something in every museum that will attract the interest of someone. They truly cater to every taste. If you are interested in scientific achievements,

Conclusion:

We can say that Museums are very productive activities both for the tourist and the government of India. As they support each other simultaneously. Also, the government should consider improving the conditions of the country as a greater number of tourists visit their country. Museums are one of the famous Indian Monuments and -growing industries in the world that have changed the scenario of the world.

Resolution of Telugu Department to conduct certificate course

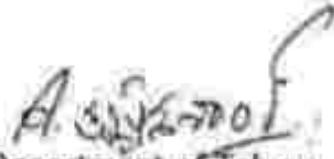

on

STRESS MANAGEMENT

Date: 23/01/2023

It was decided to organize a certificate course for the students of Sri Vasavi Bommidala Government Degree College under the auspices of the Telugu Department. As part of this, we have decided to organize a certificate course on stress management for students. As part of this, the causes of stress, effect of stress, response to stress, coping skills, methods/procedures to reduce stress are discussed.

A meeting of the Department of Telugu was held on 23/01/2023. Shri A. Krishna Sashanka participated as the president of this meeting. It has been decided to conduct a certificate course within a period of 30 days as per the instructions of the college principal.

Subject: Certificate Course in Stress Management,

For permission to start

SVB Government Degree College, Koilkuntla Telugu Department has decided to conduct certificate course for third year degree students-students under Telugu Department. We all experience stress in our daily lives. Over the years, this pressure has increased and is having a serious impact on human relations among students, employees, families and especially among the youth. So it can be allowed to conduct a certificate course to develop skills in effective healthy practices.

Course Details:

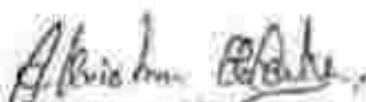

Course Name : Stress Management

Course Duration : 30 Hours

Start Date : 23/01/2023

Course Fee : None

Total number of students : 30

Certificate Course in Stress Management

Final report

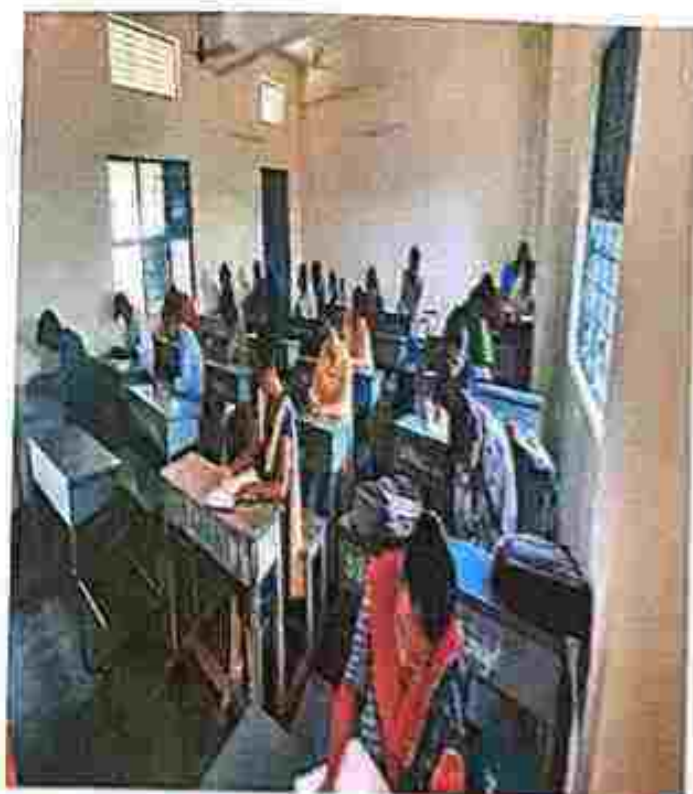

A decision was taken under the direction of the principal of the college to conduct stress management for the degree students of the college under the auspices of the Telugu Department for a period of 30 days. In view of the rapid changes in various fields, our personal life, professional life, family system and technology, the extraordinary norms or resources and abilities under pressure on people make it difficult to criminalize the different demands and expectations. This eventually leads to stress. Today it has become a part of human life. Stress in general has both negative and positive effects. Whenever stress exceeds the limit, then stress leads to physical and mental disorders. But stress is not something that cannot be avoided. By applying certain principles and techniques we can avoid and manage our stress. In order to manage stress effectively, a person must first be aware of stress and know its causes or dimensions. How stress affects a person's physical and mental performance. This book provides essential knowledge on topics such as stress alert music, de-stressing techniques and teaches students coping skills. The students participated very interestingly in the inaugural session of the certificate course. Addressing the students, the Principal informed that most of our health & mental problems are caused by stress, therefore a healthy society can be formed only when we know the causes of stress and its consequences and how to manage stress. Understanding Stress, Sources of Stress, Impact of Stress, Stress Response, Coping Mechanisms and Stress Reduction Techniques. After the completion of 30 days course, in the final meeting, certificates were issued by the hands of the principal and the course was successfully completed.
