PRINCIPAL'S MESSAGE

Dear Colleagues, Students, Parents, Alumni and well wishers,
Warm greetings to you all.

We are pleased to share the December issue of the College News Letter covering various curricular, co-curricular and extra-curricular activities that were carried out during the month.

As is evident from the Newsletter, the different departments and students have been very active throughout the month and I am sure that these efforts would go a long way in enhancing the knowledge quotient of the students besides sharpening their skill set. These activities are a true reflection of our faculty's commitment towards the holistic development of the students.

It has been a very challenging year for the students as well as the faculty. They deserve all the credit for carrying on with the assigned tasks, despite the dangers posed by the pandemic. I sincerely hope that the New Year would free the world from the clutches of the dreaded virus and normalcy would return to educational institutions.

With regards

Dr. B. Devika Rani

World AIDS Day

Date: 01.12.2021

Organised by: NSS Unit & Red Ribbon Club

A rally was taken out by the NSS Volunteers and Red Ribbon Club members of the College on 01.12.2021 to mark the World AIDS Day. Faculty Forum

Lecture-02

Date: 01.12.2021

Presenter: Sri E.V.Bhaskara Reddy

Lecturer in English

Topic: Word Power

The second lecture of College Faculty Forum was held on 01.12.2021 under the chairmanship of Dr.B.Devika Rani, Principal. Sri E.V.Bhaskara Reddy Lecturer in English gave a power point presentation to the faculty on “Word Power”. He began his presentation explaining to the audience that learning a language is learning a skill and one acquires a skill only by doing it, in the sense that one becomes good at a language only by using it in one’s day to day life. He, then, turned his attention to the role of vocabulary in the mastery of a language. He said that “Words are the building blocks of a language”. It is the words with which we clothe our thoughts, feelings, emotions and ideas. He, then, went on to explain what it means to learn a word. Learning a word involves learning its correct pronunciation, spelling, phrases associated with it, collocations and words that are often confused with it. He illustrated each point with concrete and relatable examples.

"One kind word can change someone's entire day."
